

B M DESIGN
LONDON

BMD London is a multi award-winning interior design and architecture studio specialising in detail driven luxury residential projects for private clients and developers throughout the UK and globally.

BMD London consists of a multidisciplinary team of designers and architects specialising in ultra-prime residential design. Established in 2014 by Binkie, having previously commanded roles overseeing a wealth of projects worldwide. With an innate sense of style derived from her family, and in-depth experience from her background in architecture, the multi award-winning London studio provides exceptional design services with a truly personable touch. Creating lasting relationships with our clients is at the forefront of our approach, with repeat business being our highest compliment.
